Julian Walsh has over 20 years commercial litigation and dispute resolution experience. He has conducted litigation throughout Australia and in the United Kingdom. His experience includes insolvency matters, shareholder disputes, banking and finance disputes and intellectual property and information technology disputes.

Julian worked at ASIC during and after the Global Financial Crisis, providing advice to the national team responsible for regulating the insolvency profession. Most recently, he has worked at the University of Queensland providing advice in respect of research partnership disputes, the review of administrative decisions and in respect of corporate governance.
